A World Of Culinary Delights

INTERNATIONAL BUFFET RESTAURANT

A fusion of fresh flavors and spices blend harmoniously and dance through the air, only to compliment a colorful contemporary atmosphere full of whimsical decor.

The perfect spot for an informal breakfast or lunch.

Serves an array of international cuisine.

EL MEXICANO

The old-world beauty of Mexico; colonial architecture, forged iron details, bold colors and traditional Mexican furniture come together to create the perfect setting for an unforgettable Mexican dining experience.

DON QUIXOTE

The art. The ritual. The passion. Bullfighting is the central theme for this restaurant. Spanish architecture, bold reds and elegant flare are integrated to set an extraordinary backdrop for a one-of-a-kind Spanish culinary experience.

LOTUS

A tatami room, sushi bar, teppanyaki table, private cabins and dessert table, independent of each other but combined by fluid circulations, form an oasis of calm and elegance. And the Japanese cuisine is just as innovative as the decor.

STRIKERS

An upbeat and colorful atmosphere with a variety of sports on every television, pool tables, dart boards and even a special video game area. When it's game time, there's no better place to be.

BON VIVANT

French art and culture at its finest. Sophistication and timelessness of classic French masterpieces. This chic theme permeates into the delectable French cuisine.

CAPRI

A step inside the rich culture and colors of Italy. Deep wooden textures and elements inspired by some of the works by Botticelli contrast to create a romantic ambiance. An aromatic blend imported Italian seasonings are sure to please the palate.

BEACH RESTAURANT

A beach backdrop brought to life, inspired by the Sea of Cortés. Marine motifs and vibrant color paint a sea setting for a tropical dining experience. Shaded pergolas and teak furniture decorate the beachfront deck for scenic, open-air dining.
