Presenting Diamond Bay

High Clarity Meets High Styling

With Diamond Bay, the newest member of our Revolutions™ Plank Collection, you get both the look of exotic hardwood and the high performance of laminate. Not only that, it's the most realistic wood-grain plank on the market.

High Tech Meets High Demand

To capture the exotic look and feel of natural wood, each plank is created with NatureForm Optix™—a revolutionary process that uses high-definition printing, precision texturing, and one-of-a-kind finishes.

Diamond Bay Features:

- > 4 Patterns / 10 SKUs
- > 12mm Thickness
- > Revolutions Plank Pricing
- > 25-Year Warranty

NATUREFORM OPTIX™

is a proprietary process that combines the beauty of nature with the latest advances in printing, texturing and finishing, creating unparalleled realism.

NATUREFORM®

is our revolutionary patented embossing technology that recreates the most realistic ceramic, stone and wood visuals in hard surface flooring.

OptiClear

our latest embossing technology gives select laminate exotics the same sophisticated finish found in hardwood exotics.

Variable Edge Technology

provides a simulated "hand-planed," irregular edge visual. Each plank is unique.

New patterns/colors are shaded in green.

* Diamond Bay Collection available Summer 2009.
